WIPA CHEMICALS INTERNATIONAL and **ECOSYN** LUBRICANTS

WIPA CHEMICALS INTERNATIONAL is an independent synthetic lubricant producer and specialist. We supply a wide range of top quality products under the name **ECOSYN** LUBRICANTS.

ECOSYN LUBRICANTS are 100% synthetic. They are specially engineered to protect machine components, reduce emissions, last longer, reduce fuel consumption and prevent environmental pollution. **ECOSYN** LUBRICANTS are designed for severe operating conditions. Our products are clearly superior in extreme applications where high temperatures, high load, flammability and long oil change intervals are overriding factors.
